

How to measure your ring size

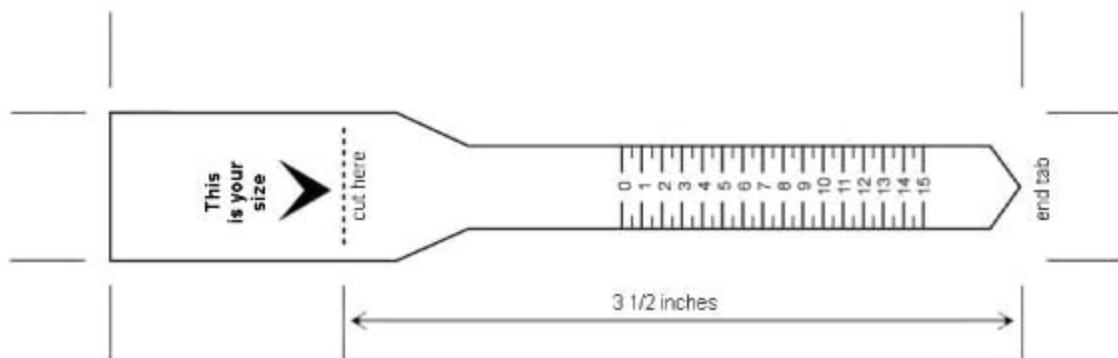

Print out this page and follow these steps.

1. Cut out the ring sizer. On the ring sizer, cut along the dotted line to make a small slot.
2. Insert end tab into the slot with the numbers facing outward to make a ring.
3. Place your finger inside the ring, and then pull snugly.
4. Slide the ring sizer up your finger to be sure it fits over your knuckle.
5. The arrow will point to your ring size. If you are in between sizes, order the larger size.

This would be a size 6.
